UN MONDO FATTO BENE

## **NATIONAL WORK PROGRAMME (January 2024)**

The document contains the list of national standards under development (UNI, UNI/TS and UNI/TR). For further information please contact: [normazione@uni.com](mailto:normazione@uni.com)

The file is optimized for A3 printing

Project code	Language	Title	Processing status	Replaces	Sector
UNI1612573	IT	Determination of the oxidation state of virgin olive oils by HPLC	Final Public Enquiry		Agrifood
UNI1611366	IT	Guidelines for the determination of the consistencies of foods and beverages intended for dysphagia	Works closing		Agrifood
UNI1612340	IT	Honey- Identification of adulteration of chestnut, wildflower and acacia honey with inulin, invert sugar and corn/malt syrup by 1H-NMR nuclear magnetic resonance	Works starting		Agrifood
UNI1612609	IT	Guidelines for the use of spectroscopic techniques in the visible and near infrared region in the agri-food sector: qualitative methods	Works starting		Agrifood
UNI1612980	IT	Materials and articles in contact with foodstuffs - Plastic substances subjected to limitations - Determination of the specific migration of primary aromatic amines in food simulant	Works starting		Agrifood
UNI1612981	IT	Materials and articles in contact with foodstuffs - Guide for the application of the screening tests for the identification of non intentionally added substances (NIAS)	Works starting		Agrifood
UNI1613059	IT	Non-regulated professions - Bee technician - Knowledge, skill, autonomy and responsibility	Works starting		Agrifood
UNI1613106	IT	Cereals and cereals products - Determination of foreign odours - Reference method	Works starting	UNI 10280:1993	Agrifood
UNI1613193	IT	Oil seeds, cereals, cereals-based products and animal feeding stuffs - Tot Fat Determination - Gravimetrical analysis via Microwave-assisted hydrolysis and extraction.	Work in progress		Agrifood
UNI1609672	IT	Algae and algae products - Food and feed applications: General overview of limits, procedures and analytical methods	Work in progress		Agrifood

Project code	Language	Title	Processing status	Replaces	Sector
UNI1610831	IT	Aggregates for concrete - Part 22: Evaluation method of potential alkali-silica reactivity of aggregates	Works starting	UNI 8520-22:2020	Construction
UNI1612969	IT	Concrete - Specification, performance, production and conformity - Additional provisions for the application of EN 206	Works starting		Construction
UNI1612359	IT	Fire safety engineering - Guideline for the use of UNI ISO/TR 23932-2	Works starting		Construction
UNI1612970	IT	Assessment of the state of degradation of products and systems for the passive fire protection of loadbearing elements of construction works subject to fire prevention controls	Works starting		Construction
UNI1612257	IT	Construction and maintenance for infrastructure civil building - Criterial for materials use Part 1: Soils and mixtures fo unbound aggregates	To be published	UNI 11531-1:2014	Construction
UNI1612345	IT	Guideline for the drafting of technical specifications on road signs	Works starting		Construction
UNI1612813	IT	Low environmental impact underground infrastructure technology - Minitrenching systems	Works starting	UNI/PdR 7:2014	Construction
UNI1612968	IT	Construction and maintenance for infrastructure civil building - Criterial for materials use Part 2: Hydraulically bound soils, aggregates and their mixtures	Works starting		Construction
UNI1613235	IT	Technical qualification criteria and guidelines for handling and installation of cold bituminous mixtures for temporary and localized road repairs	Works starting		Construction
UNI1609579	IT	Certification of technical personnel in charge of the execution of non-destructive testing in civil engineering		UNI/PdR 56:2019	Construction
UNI1610527	IT	Guidelines for Integrating Project & Information Management-Related Practices	To be published		Construction
UNI1609519	IT	Floor screeds - Criteria for the design, the installation and methods of verification	Final Public Enquiry		Construction
UNI1611687	IT	Building and civil engineering works - Digital management of the informative processes - Part 10: Rules and information flow for semi-automatic information of informative checking (E-permit and E-procurement code-checking processes) for environment, building works and infrastructure	Works starting		Construction
UNI1612379	IT	Cultural heritage - Petrografic description of a mortar	Works starting	UNI 11176:2006	Construction
UNI1612532	IT	Subframes and monoblock subframes for fixtures and fittings - Performance characteristics and requirements	Works starting		Construction
UNI1612614	IT	Building and civil engineering works - Digital management of the informative processes - Part 9: Information flows, roles, and requirements for infrastructure works	Works starting		Construction
UNI1612717	IT	Non-regulated professions - Building painter - Knowledge, skill, autonomy and responsibility	Works starting	UNI 11704:2018	Construction
UNI1612859	IT	Hospitals and healthcare facilities - Terms and definitions	Works starting		Construction
UNI1612861	IT	Gypsum plasterboards - Non-loadbearing plasterboard systems on metal frames - Installation	Works starting	UNI 11424:2015	Construction

UNI1612862	IT	Non-regulated professions - Installers of plasterboards systems - Knowledge, skill, autonomy and responsibility	Works starting	UNI 11555:2014	Construction
UNI1613173	IT	Liquid applied waterproofing products - Part 2: Design and installation	Works starting		Construction
UNI1613255	IT	Photocatalysis - Continuous flow test methods - Determination of the abatement capacity of photocatalytic materials and filters for toluene in air	Works starting		Construction
UNI1613256	IT	Photocatalysis - Continuous flow test methods - Determination of the abatement capacity of photocatalytic materials and filters for formaldehyde (CH <sub>2</sub> O) in air	Works starting		Construction
UNI1613257	IT	Photocatalysis - Continuous flow test methods - Determination of the abatement capacity of photocatalytic purification devices for VOCs in air	Works starting		Construction
UNI1610253	IT	Criteria for the installation of synthetic and bitumen prefabricated flexible sheets for waterproofing of continuous roofs coverings	Work in progress		Construction
UNI1612143	IT	Ceramic tilings Part 1 Instruction for the design, installation and maintenance	Work in progress	UNI 11493-1:2016	Construction
UNI1612202	IT	Non-regulated professions - Access Advisor of the built environment - Knowledge, skill, autonomy and responsibility	Work in progress		Construction
UNI1612650	IT	Industrial, commercial, garage doors and gates - Part 2: Operational guidelines for installation, maintenance and requalification processes	Work in progress		Construction
UNI1611784	IT	Guidelines for water safety plan concept in buildings	Work in progress		Construction

Project code	Language	Title	Processing status	Replaces	Sector
UNI1612111	IT	Furniture - Wall-hanging bathroom furniture - Installation guidelines	To be published		Consumer goods
UNI1613236	IT	Furniture - Office pods - Classification and requirements	Works starting		Consumer goods
UNI1613298	IT	Textiles - Animal welfare in the supply chain - General requirements for the production, preparation, marketing, and traceability of Italian wool, including supporting information, ethical and environmental claims	Work in progress		Consumer goods

Project code	Language	Title	Processing status	Replaces	Sector
UNI1610826	IT	Glare generated by light sources that are not part of road lighting system - Calculation of the fTI increment□	Works starting		Energy and installations
UNI1611660	IT	Methodologies for validating results from lighting calculation programs	Works starting		Energy and installations
UNI1612060	IT	Methodological approach to the implementation or upgrading of outdoor and indoor lighting systems - Identification of quality criteria and parameters	Works starting		Energy and installations
UNI1612191	IT	Energy performance of buildings - Hourly determination of energy requirements for lighting	Works starting		Energy and installations
UNI1612232	IT	Light and lighting - Daylight in buildings - Guidance on the application of UNI EN 17037	Works starting		Energy and installations
UNI1609308	IT	Non-regulated professions - Lighting Designer - Knowledge, skill, autonomy and responsibility requirements	Final Public Enquiry		Energy and installations
UNI1612247	IT	Nuclear energy - Radiation protection glossary	Works starting	UNI/TR 11496:2013	Energy and installations
UNI1612628	IT	Test method for measuring lead 210 (210Pb) activity concentration by beta counting. Part 1: measurement by separation and counting of bismuth 210 at equilibrium	Works starting		Energy and installations
UNI1612629	IT	Test method for measuring lead 210 (210Pb) activity concentration by beta counting. Part 2: measurement by separation and direct measurement of lead	Works starting		Energy and installations
UNI1613237	EN	Calibration and accuracy of non-catching precipitation measurement instruments	To be published		Energy and installations
UNI1612515	IT	Monitoring of operating pressure for domestic distribution network	Final Public Enquiry	UNI/TR 11631:2016	Energy and installations
UNI1612651	IT	Electrical apparatus for the detection of combustible gases and carbon monoxide in domestic premises - Installation and maintenance	Final Public Enquiry	UNI 11522:2014	Energy and installations
UNI1612279	IT	Pressure Regulating Devices (PRD) Design, Manufacturing and Testing	Works starting	UNI 11655	Energy and installations
UNI1612456	IT	Gas measurement systems - Hourly based gas metering systems. Part 4: Requirements for measurement systems serving Redelivery Points of end use of the distribution networks which indicates both the volume at measuring conditions (Vm) and the converted volume at thermodynamic reference conditions (Vb), with maximum flowrate greater than 10 m <sup>3</sup> /h (meter class >G6).	Works starting	UNI/TS 11291-4:2013	Energy and installations

UNI1612475	IT	Gas measurement systems Hourly based gas metering systems Interchangeability for measurement systems serving Redelivery points of end use of the distribution networks which indicates both the volume at measuring conditions and the converted volume at thermodynamic reference conditions, with maximum flowrate greater than 10 m <sup>3</sup> /h (meter class >G6) and with point-to-point communication. Part 14-1: General and use cases.	Works starting		Energy and installations
UNI1612476	IT	Gas measurement systems. Hourly based gas metering systems. Interchangeability for measurement systems serving Redelivery points of end use of the distribution networks which indicates both the volume at measuring conditions and the converted volume at thermodynamic reference conditions, with maximum flowrate greater than 10 m <sup>3</sup> /h (meter class >G6) and with point-to-point communication. Part 14-2: Data model	Works starting		Energy and installations
UNI1612477	IT	Gas measurement systems. Hourly based gas metering systems. Interchangeability for measurement systems serving Redelivery points of end use of the distribution networks which indicates both the volume at measuring conditions and the converted volume at thermodynamic reference conditions, with maximum flowrate greater than 10 m <sup>3</sup> /h (meter class >G6) and with point-to-point communication. Part 14-4: PP4 communication profile.	Works starting		Energy and installations
UNI1612478	IT	Gas measurement systems. Hourly based gas metering systems. Interchangeability for measurement systems serving Redelivery points of end use of the distribution networks which indicates both the volume at measuring conditions and the converted volume at thermodynamic reference conditions, with maximum flowrate greater than 10 m <sup>3</sup> /h (meter class >G6) and with point-to-point communication. Part 14-6: Specifications for conformity assessment.	Works starting		Energy and installations
UNI1613008	IT	Gas measurement systems. Hourly based gas metering systems. Interchangeability of meters with Q <sub>max</sub> > 10m <sup>3</sup> /h and ≤ 160 m <sup>3</sup> /h and P <sub>max</sub> ≤ 0,5 bar that make available only volumes at reference conditions, and with point-to-point communication Part 13-6: Specifications for conformity assessment.	Works starting		Energy and installations
UNI1611361	IT	Gas metering systems - Gas metering equipment on an hourly basis directly connected to the transportation network	Work in progress	UNI 11629:2021	Energy and installations
UNI1611726	IT	Operative instruction for periodic and random metrological inspections. Part 3: Diaphragm gas meters	Works closing	UNI 11600-3:2018	Energy and installations
UNI1611727	IT	Operative instruction for periodic and random metrological inspections. Part 4: Turbine and rotary gas meters	Works closing	UNI 11600-4:2018	Energy and installations

UNI1611728	IT	Operative instruction for periodic and random metrological inspections - Part 5: Gas meters with thermal mass flow meter	Works closing		Energy and installations
UNI1612930	IT	Operative instruction for periodic and random metrological inspections - Part 6: Ultrasonic Gas meters	Works closing		Energy and installations
UNI1611108	IT	Gas infrastructures - Gas pressure control and measurement stations connected with transmission networks - Part 3: Gas Measuring system - Design, construction and testing	To be published	UNI 9167-3:2020	Energy and installations
UNI1603832	IT	Automatic shutdown seismic- induced devices	Final Public Enquiry		Energy and installations
UNI1610415	IT	Gas infrastructures - Examples for the classification of hazardous areas according to CEI EN IEC 60079-10-1:2021	To be published	UNI CEI TR 11798:2020	Energy and installations
UNI1610777	IT	Biomethane injection in the natural gas network		UNI/TS 11537:2019; UNI/TR 11722:2018	Energy and installations
UNI1610326	IT	Guideline for the qualification of economic operators (organizations) involved in the production chain of biomethane for traceability and mass balance purposes	Works closing	UNI/TS 11567:2020	Energy and installations
UNI1609580	IT	Guidelines for a risk assessment of the production of CO2 from biomass through anaerobic digestion	Works starting		Energy and installations
UNI1609597	IT	Pressure equipment - Putting into service and use of pressure equipment and assemblies - Part 13: Guide to the implementation of a system for monitoring the operating values of in-service pressure equipmen	Works starting		Energy and installations
UNI1609601	IT	Application of welding in the repair of pressure equipment and in the construction and modification of equipment not covered by the European Union product regulations	Works starting		Energy and installations
UNI1609602	IT	Operation of Pressure Equipment - Life Cycle Management	Works starting		Energy and installations
UNI1610774	IT	Use of infrared thermography in buildings - Guidelines	Works starting		Energy and installations
UNI1611945	IT	Bursting disc safety devices for protection against excessive pressure: test procedures and test rig requirements	Works starting	UNI 10198:1993	Energy and installations
UNI1611946	IT	Operation of Pressure Equipment - Guide to the evaluation of damage mechanisms	Works starting		Energy and installations
UNI1611947	IT	Assessment of the state of preservation of in-service steam boilers and super-heated water generators for the periodic integrity inspection	Works starting		Energy and installations
UNI1612852	IT	Guidelines for the management of NaTech events in establishments with major-accident hazards - Part 2: Hydrogeological events	Works starting		Energy and installations
UNI1612853	IT	Guidelines for the management of NaTech events in establishments with major-accident hazards - Part 3: Lightning	Works starting		Energy and installations
UNI1612854	IT	Systems for the evacuation of combustion products connected to appliances powered by liquid or solid fuel, for civil use - Guidelines for restoration by internal lining	Works starting		Energy and installations

UNI1613012	IT	Characterization of waste for energy recovery in relation to biomass and energy content	Works starting		Energy and installations
UNI1609598	IT	Pressure equipment - Putting into service and use of pressure equipment and assemblies - Part 8: Planning of pressure equipment inspection and maintenance by means of techniques based on risk assessment (RBI)	Work in progress	UNI/TS 11325-8:2013	Energy and installations
UNI1612562	IT	Ventilation in educational buildings	Work in progress		Energy and installations
UNI1607325	IT	Characterization of waste and SRF regarding biomass and energy content	Final Public Enquiry	UNI/TS 11597:2015	Energy and installations
UNI1611252	IT	Thermal insulating products and finishes for building applications - Guidelines for verifying compliance with the regulatory framework of information relating to thermal performance	To be published		Energy and installations

Project code	Language	Title	Processing status	Replaces	Sector
UNI1612567	IT	Building acoustics - Guidelines for the estimate of the acoustic performance of buildings - Part 1: simplified calculation method based on single-number quantity	Final Public Enquiry	UNI 11175-1:2021	Health and wellness
UNI1612568	IT	Building acoustics - Guidelines for the estimate of the acoustic performance of buildings. Application of standards to the national construction type - Part 2: Input data for the calculation model	Final Public Enquiry	UNI 11175-2:2021	Health and wellness
UNI1609843	IT	Building acoustics - Installation of doors and windows and other façade components - Criteria for the optimization of sound insulation of the building façade from external noise		UNI 11296:2018	Health and wellness
UNI1609844	IT	Criteria for acoustic classification of movie theaters	Works starting		Health and wellness
UNI1611355	IT	Acoustics - Guidelines for designing, executing and testing road traffic noise reducing devices	Works starting	UNI 11160:2005	Health and wellness
UNI1612566	IT	Information concerning installation of acoustic insulation systems. Floating floors	Works starting	UNI 11516:2013	Health and wellness
UNI1612571	IT	Vibration measurement in buildings and annoyance evaluation	Works starting	UNI 9614:2017	Health and wellness
UNI1610891	IT	Ergonomics of the physical environment - Instruments for the assessment of the indoor air quality	Work in progress		Health and wellness
UNI1604624	IT	Non-regulated professions - Ergonomist - Knowledge, skill, autonomy and responsibility requirements	To be published		Health and wellness
UNI1609003	IT	Swimming pools for public use - Requirements for swimming pool water circulation, filtration, disinfection and physical-chemical treatments	To be published	UNI 10637:2016	Health and wellness
UNI1612346	IT	Surfaces for sport areas - Terms and definitions, symbols and pictograms	Works starting		Health and wellness
UNI1612348	IT	Planning and organization of occasional events held within sports and recreational facilities or temporarily adapted spaces	Works starting		Health and wellness
UNI1613052	IT	Pool covers - Rigid, semi-rigid and flexible structures for public and private field - Requirements and test methods	Works starting	UNI 11718:2018	Health and wellness

Project code	Language	Title	Processing status	Replaces	Sector
UNI1609797	IT	Paper and board - Terms and definitions	Final Public Enquiry	UNI 7706:1989	Materials
UNI1613074	IT	Paper and board - Determination of parameters of manual separability between two or more constituents, of which at least one is paper, of a material or product for the purpose of their waste collection	Works starting		Materials
UNI1611477	IT	Structural wood - Load-bearing structures - On site inspection for the diagnosis of timber members	Works starting		Materials
UNI1611686	IT	Management of recycled wood for the production of wood-based panels	Works starting	UNI/PdR 115:2021	Materials
UNI1612655	IT	Guidelines for the application of the European standard EN 460:2023 (Durability of wood and wood-based products - Guidance on performance)	Works starting		Materials
UNI1609878	IT	Wood floorings and parquet for indoor use - Design, laying and use conditions instructions	To be published		Materials
UNI1610570	IT	Wood finishes - Wood finishes for windows and doors - Part 1: Minimum requirements for resistance to degradation of wood substrates and painting cycles for external windows and doors of wood and/or wood products		UNI 11717-1:2018	Materials
UNI1612283	IT	Copper and Copper alloys - Fittings - Press - fittings for composite, seamless copper-PE, tubes	Work in progress	UNI 11626:2016	Materials
UNI1612621	IT	Aluminum and aluminum alloys - Tools for professional kitchens Tools in aluminum and its alloys for cooking and food preparation.	Work in progress		Materials
UNI1611365	IT	Cathodic protection of buried metallic structures - Anodes and ground-beds for impressed current stations - Design and installation criteria	Works starting	UNI 10835:1999	Materials
UNI1613312	IT	Vitreous and porcelain enamels for HWT - Determination of resistance to corrosion to hot water	Works starting	UNI/TR 11358:2010	Materials
UNI1612657	IT	Adhesives - Determination of the open time for hot-melt wood adhesives for non-structural applications	Works closing		Materials
UNI1612946	IT	Coding criteria of technical information for thermoplastic piping systems for their use as building products in Building Information Modeling (BIM)	Works closing		Materials
UNI1610153	IT	Polymer nets for agriculture - Part 1: General	Works starting	UNI 10337:1994; UNI 9401:1989; UNI 9735:1991; UNI 9405:1989; UNI 9404:1989; UNI 10336:1994; UNI 10335:1994; UNI 9402:1989; UNI 9403:1989	Materials
UNI1610154	IT	Polymer nets for agriculture - Part 2: Specifications	Works starting	UNI 10407:1995; UNI 10334:1995; UNI 10406:1995	Materials

UNI1612947	IT	Plastic raw-secondary materials - Part 20: Cellulose acetate for various uses from recycled pre-consumer and/or post-consumer materials - Requirements and test methods.	Work in progress		Materials
UNI1612238	IT	Steel products for reinforced concrete - Reinforcements	Works starting		Materials

Project code	Language	Title	Processing status	Replaces	Sector
UNI1612638	IT	Non-regulated professions - Loader crane installer on vehicles - Knowledge, skill, autonomy and responsibility	Works starting		Mechanics and machinery
UNI1612569	IT	Modification of existing lifts, hoists, escalators and similar appliances - Part 1: Electric lifts not complying with Lift Directive	Works starting	UNI 10411-1:2021	Mechanics and machinery
UNI1612570	IT	Modification of existing lifts, hoists, escalators and similar appliances - Part 2: Hydraulic lifts not complying with Lift Directive	Works starting	UNI 10411-2:2021	Mechanics and machinery
UNI1610781	IT	Modification of existing lifts, hoists, escalators and similar appliances - Part 11: Electric lifts complying with Lift Directive	Work in progress	UNI 10411-3:2016; UNI 10411-5:2017	Mechanics and machinery
UNI1610782	IT	Modification of existing lifts, hoists, escalators and similar appliances - Part 11: Hydraulic lifts complying with Lift Directive	Work in progress	UNI 10411-6:2017; UNI 10411-4:2016	Mechanics and machinery
UNI1613009	IT	Threaded tubular rivets with cylindrical shank	Work in progress		Mechanics and machinery
UNI1613010	IT	Threaded tubular rivets with hexagonal and partially hexagonal shank	Work in progress		Mechanics and machinery
UNI1613014	IT	Welding of plastic materials - Electrofusion welding - Welding of polypropylene pipes and/or fittings for pressure piping	Work in progress	UNI 11266:2008	Mechanics and machinery
UNI1613029	IT	Welding of plastic materials - Welding of polypropylene components for pressure fluids transmission - Polyfusion socket welding	Work in progress	UNI 11318:2009	Mechanics and machinery
UNI1613031	IT	Welding of plastic materials - Welding of polypropylene components for pressure fluids transmission - Butt welding	Work in progress	UNI 11397:2011	Mechanics and machinery

Project code	Language	Title	Processing status	Replaces	Sector
UNI1612482	IT	Unregulated professional activities - ICT professional role profiles - Part 4: Information security professional role profiles	Final Public Enquiry	UNI 11621-4:2022	New technologies
UNI1611944	IT	Project Manager profile: alignment of standards UNI 11621-2, UNI 11621-3 and UNI 11648	Works closing	UNI/TR 11767:2020	New technologies
UNI1610445	IT	Intelligent Transport Systems - Automatic vehicle identification systems - Part 1: National license plates images acquisition and recognition	Works starting	UNI 10772:2016	New technologies
UNI1610824	IT	Accessibility requirements for ICT products and services - Requirements for the assessment and certification based on UNI CEI EN 301549:2021	Works starting		New technologies
UNI1612618	IT	Unregulated professional activities - ICT professional role profiles - Part 7: "Industry 4.0" role profiles	Works starting		New technologies
UNI1613268	IT	SmArT Readiness Assessment Technology standard tool - STRATEGY Guidelines for the assessment of digital maturity of enterprises	Works starting		New technologies
UNI1611110	IT	Health Informatics - Consent management system in the healthcare context - Overview			New technologies

Project code	Language	Title	Processing status	Replaces	Sector
UNI1610181	IT	Innovation management Innovation management assessment Guidance	Works starting		Quality
UNI1611084	IT	Guidelines for the integration of the UNI ISO 37301: 2021 compliance management system to support the Organizational Management and Control Models and the Supervisory Bodies in accordance with Legislative Decree 231/2001	Works starting		Quality
UNI1612762	IT	Quality in services - Mystery audit - Part 1: Process requirements and guidelines	Works starting	UNI 11312-1:2017	Quality
UNI1609356	EN	This standard specifies the requirements for the innovation management professionals, i.e. Innovation Technician, Innovation Specialist and Innovation Manager. These requirements are specified in consistency with the tasks and specific activities and the identification of their contents, in terms of knowledge and skill, as to establish the level of autonomy and responsibility, in accordance with the Italian National Qualification Framework (NQF). The requirements are also expressed in such a way to facilitate the related conformity assessment processes, making them homogeneous and transparent, as far as possible.	Work in progress		Quality
UNI1609841	EN	Quality in services - Mystery audit - Part 2: Knowledge, skill, autonomy and responsibility requirements for the professionals involved in designing, coordinating and performing mystery audits	Work in progress		Quality
UNI1610653	IT	Water meters - Functional Requirements - Interoperability criteria	Works starting		Quality
UNI1611525	IT	Inspection procedures of dimensional measuring equipment - General guidelines	Work in progress	UNI 10699-1:1998	Quality

Project code	Language	Title	Processing status	Replaces	Sector
UNI1609765	IT	Smoke and heat control systems - Part 3: Initial verification and maintenance of smoke and heat exhaust ventilation systems	Works starting	UNI 9494-3	Safety and Security
UNI1610048	IT	Minimum requirements for systems and firefighting plants with higher availability	Works starting		Safety and Security
UNI1612687	IT	Smoke and heat control systems - Part 4: Engineering methods for design calculations for smoke and heat exhaust ventilation systems	Works starting		Safety and Security
UNI1605487	IT	Firefighting equipment - Fire extinguishers - Part 1: Initial verification and maintenance	Final Public Enquiry	UNI 9994-1:2013	Safety and Security
UNI1610032	IT	Non-regulated professions - Designer, installer, maintainer of intruder and hold-up alarm systems, access control systems and video surveillance systems - Knowledge, skills, autonomy and responsibility requirements	Final Public Enquiry		Safety and Security
UNI1607728	IT	Automatic fire detection and fire alarm systems - Knowledge, skill and competence requirements of maintenance technician of automatic fire detection and fire alarm systems and EVAC systems	To be published		Safety and Security
UNI1612613	IT	Non-regulated professions - Safety nets installer - Knowledge, skill, autonomy and responsibility requirements	To be published		Safety and Security
UNI1611109	IT	Safety and health in the use of occupational exoskeletons related to facilitate work activities	Final Public Enquiry		Safety and Security
UNI1611227	IT	Personal protective equipment (PPE) - Guidelines for the redaction of manufacturer's instructions and information	Final Public Enquiry	UNI 10913:2001	Safety and Security
UNI1610967	IT	Safety and health protection in occupational scientific diving - Part 2: Knowledge, skill, autonomy and responsibility requirements of the professional figures	Works closing		Safety and Security
UNI1611890	IT	Anchor devices intended for permanent installation - Requirements and test methods	Works starting	UNI 11578:2015	Safety and Security
UNI1612256	IT	Safety and health protection in occupational scientific diving - Part 1: Operating procedures	Works starting		Safety and Security
UNI1611334	IT	Guidelines for selection, use and maintenance of respiratory protective devices, in application of UNI EN 529:2006	Work in progress	UNI 11719:2018	Safety and Security
UNI1611678	IT	Temporary works equipment - Safety nets against falling objects with or without border rope - Safety requirements, test methods and conditions for use	Work in progress		Safety and Security
UNI1612280	IT	Personal protective equipment - Footwear - Guidelines for selection, use, care, maintenance and training	Work in progress	UNI/TR 11430:2011	Safety and Security
UNI1607706	IT	Confined space with or without pollution - Criteria for hazard identification and risk assessment	Final Public Enquiry		Safety and Security
UNI1611677	IT	Temporary works equipment - Formworks - Part 2: Horizontal formworks - General requirements for design, construction and use	To be published		Safety and Security
UNI1607602	EN	Use of IoT technologies in PPE - Guidance on the integration of IoT components into PPE aimed to their management and use	Work in progress		Safety and Security
UNI1612514	IT	Non-regulated professions - Security professional - knowledge, skills, autonomy and responsibility requirements	Work in progress	UNI 10459:2017	Safety and Security

Project code	Language	Title	Processing status	Replaces	Sector
UNI1610783	IT	Non-regulated professions - Family mediator - Knowledge, skill, autonomy and responsibility requirements	Works starting	UNI 11644:2016	Services and professions
UNI1610784	IT	Non-regulated professions - People Sustainable Mobility Management job profiles - Knowledge, skill, autonomy and responsibility	Works starting	UNI/PdR 35:2018	Services and professions
UNI1610829	IT	Non-regulated professions - Professional Organizer - Knowledge, skill, autonomy and responsibility	Works starting		Services and professions
UNI1605885	IT	Non-regulated professions - Designer - Knowledge, skill and competence requirements	Final Public Enquiry		Services and professions
